

LIKE AT SANTIAGO

Admiral Schley Acts and Does Not Wait for Sampson's Arrival.

The Latter Seven Miles Away

When the Fight was On With Cervera's Fleet and May be Worse Than That if the Court of Inquiry Does Justice to Whom Justice is Due.

Special by wire to Times-Democrat.
Washington, July 24.—Secretary Long this morning received a letter from Admiral Schley asking for the appointment of a court of inquiry to investigate his conduct during the Santiago campaign. Long will act on it and it is certain that Dewey will be on the list as a member of the court. The remaining members, it is thought will be drawn from the retired list of the navy. A formal announcement of the receipt of Schley's letter is expected later today.

ADMIRAL DEWEY
Accepts the Position of Presiding Officer of the Court.

Washington, July 24.—Admiral Dewey has accepted the position of presiding member of the Schley court of inquiry. The court will meet in Washington in September. The names of the other members of the court will be made public later, so will Admiral Schley's letter.

SCHLEY PROTESTS
Against the Low Flings and Abusive Language of MacLay.

Washington, July 24.—In his letter Admiral Schley protests against "the low flings and abusive language of this vulgar partisan opponent," meaning the Hispanian MacLay. He asks for full reparation from "my brothers in arms." MacLay has refused granting the protest.

INVESTIGATION
The First Step and Then Civil Action Against MacLay.

Washington, July 24.—The Washington Post telegraphed Admiral Schley that in an editorial it insisted he owed it to himself as well as to his friends to begin proceedings against MacLay, the author of the history of the United States navy, to disprove the latter's charge, adding, "Will you do this? Please wire statement."

Admiral Schley sent the following reply: "I believe the first step should be investigation of all matter by a court, then a civil action afterwards. I am preparing to take this course."

The Post, as a result of extensive inquiries based on the admiral's dispatch says in part: Admiral Schley proposes to ask an investigation at the hands of a naval court of inquiry and then sue MacLay for libel. His action is the sequel to the developments during the past week, when the entire country has been stirred up by the publication of the unexamined abuse poured out upon him in the third volume of E. S. MacLay's history of the United States navy, in which publication Schley is said to have run away "in catlike flight," and is, in addition, denounced as a coward, a cur, and a traitor.

The Schley court of inquiry will undoubtedly be one of the most celebrated in the naval or military history of the country. The high rank of the officers involved in the controversy and the intense public feeling which has been aroused will combine to give the investigation a dramatic interest. Nothing has occurred in Washington for many years that will compare with it.

The appointment of the court is expected to be made by Secretary Long, though it would be in the power of the president to make the selections if he chose. This is hardly likely to occur, however. Admiral Schley's letter asking for the appointment of the court will be addressed to Secretary Long, who is his immediate chief. To address the communication to the president, ignoring Secretary Long, would not only be a breach of naval etiquette, but would be totally at variance with Schley's careful observance of punctilious procedure. The court therefore may be named by Secretary Long unless he prefers to refer the matter to the president.

Secretary Long has already stated that if Admiral Schley requested a court of inquiry he would grant the request, and has also expressed his

willingness to possibly select the court. While he has not made any statement as to his personnel, there is every reason to believe he favors Admiral Dewey and Rear Admirals Ramsey and Benham, the two latter being on the retired list. The name of Admiral Walker has been suggested, but it is known that he has expressed views upon the Sampson-Schley controversy in antagonism to Schley, and his appointment would, therefore, be seriously questioned. It is said that Dewey, Ramsey and Benham have always carefully avoided giving an opinion as to merits of the controversy. All these officers are residents of Washington, although temporarily out of the city to escape the summer heat, but could be quickly summoned.

Three names are mentioned because that number is specified in the naval regulations for courts of inquiry. There is a possibility that Admiral Dewey might act as judge, as he would have a right to do, but it is also naturally certain that in this event he would be specifically detailed by the secretary for service on the board. This would make his attendance imperative. Secretary Long has, from the moment a court of inquiry was suggested, favored the appointment of Admiral Dewey, believing his appointment would give the highest character to the court and that any decision it might reach would be accepted by the American people.

With respect to the matters to be inquired into by the court of inquiry it might be difficult to state briefly the exact questions which will come before the court, except that Admiral Schley condemned them in a letter written to Senator Hale, chairman of the senate committee on naval affairs, Feb. 18, 1898. This letter divided the criticisms of himself into four heads, as follows: The alleged delay of Cienfuegos, Cuba; the alleged slow progress toward Santiago de Cuba from Cienfuegos; the retrograde movements May 26 and 27 (this refers to the turning of the fleet from Santiago toward Key West); the battle of Santiago and the destruction of Cervera's fleet. It is to be expected that Admiral Schley will specify these grounds of criticism, and that Secretary Long will, in turn, repeat them in his orders assembling the court.

An important officer of the court will be the judge advocate and recorder, who interrogates the witnesses. Secretary Long will undoubtedly take unusual care in the selection of this officer, who may be chosen from the list of captains who participated with Dewey in the Manila battle. Under the naval regulations Admiral Schley will be allowed the attendance of counsel, who will have the right to suggest questions to the judge advocate. It is not known whether Admiral Sampson will ask the privilege of being represented by counsel.

PLUNGED
Headlong from the Fifth Story Window

And Received Injuries Which Resulted in Death.

Mysterious Tragedy in a Chicago Hotel Early This Morning—Indications of an Attempt to Murder.

Special by wire to Times-Democrat.
Chicago, July 24.—A woman, supposed to be Mrs. B. Degraff, of La Crosse, Wis., fell from the fifth story window of the hotel Morrison, early this morning and received injuries which caused her death an hour later. She was 32 and handsome. The police believe an attempt was made to murder the woman, and that her plunge was made through the window in an effort to escape from a man who occupied a room nearby and with whom the woman is said to have quarreled. The woman is believed to have been in the hotel for some time.

By the Discussion of Economic Questions

The Junior Senator from Ohio is Shy About Committing Himself Without Asking Permission from Mark.

Special by wire to Times-Democrat.
Cincinnati, July 24.—"You mustn't try to rush the campaign," said Senator Foraker today, when asked for opinion on the tax laws of Ohio. "I shall take up all those questions during the campaign. I do not think it would be politic to precipitate an undecided for tax exonerations upon a sweltering, suffering public. Economic questions, so called, are degenerate playthings. They are usually political snares and delusions."

MANY
Are Dying from the Awful Heat.

No Prospects

Of Relief from Sun's Scorching Rays.

Some People Fell Dead in the Streets of St. Louis,

While Others are Driven Crazy by the Intense Heat. All Previous Record in This Country Broken.

Special by wire to Times-Democrat.
St. Louis, Mo., July 24.—The disastrous effects of the continued terrific heat in St. Louis became apparent in a most aggravated form this morning when men began to drop over on the streets, some dying instantly and others being hurried to the city hospital. Several cases of persons crazed by heat were reported today. The deaths in the city from heat since last night number thirty. The thermometer at the weather bureau registered 102 at noon and bids fair to equal the record breaking marks of the last three days. There is no sign of relief.

ARGUMENT
In Robert Fosberg's Behalf Made This Morning.

Special by wire to Times-Democrat.
Pittsfield, Mass., July 24.—The whole morning was consumed by attorney Joyner in his argument for Robert Fosberg. The case may not go to the jury before the end of the week.

Hearing Rumors Again.
London, July 24.—"We hear rumors," says The Daily News, "that negotiations with a view to peace in South Africa are proceeding in London."

ICE FAMINE
Still Continues in Columbus Because of the Strike.

Special by wire to Times-Democrat.
Columbus, July 24.—The ice strike is still on, in this city, and baby carriages and private vehicles are being used to take ice from distributing stations. These supply only a limited amount and there is much suffering from the shortage.

Special by wire to Times-Democrat.
Detroit, July 24.—The city began the celebration of her two hundredth anniversary today. The festivities will last three days. There is an immense throng of visitors in the city.

ECONOMY
Is Being Inaugurated at Manila.

Saving of \$3,000 Per Day in One Department

Made by Major Aleshire Who is in Charge of Water Transportation—Gen. Corbin's Recommendations.

Manila, July 24.—Reports submitted to Adjutant General Corbin by Major R. Aleshire, in charge of the water transportation department of the army at Manila, show the saving of \$3,000 daily for three months. Since Major Aleshire took charge of this department the number of vessels chartered by the government as transports, etc., has been reduced from 10 to five and the lighters and launches chartered by the government have been reduced one-half. The concentration of American troops under three brigades at Manila, Dagupan, Iloilo or Cebu will further reduce the army's need of launches. It is expected in view of this economy to operate some transports direct between Manila and New York. Adjutant General Corbin recommends the use of two fastest transports in a monthly mail service between San Francisco and Manila to insure quick handling of the mails.

Negroes Imported to Chicago.
Chicago, July 24.—The advent at Melrose park of 300 negro workmen, 25 women and three preachers, imported from Mobile, Ala., by the Latrobe steel and copper works, was awaited with interest by the residents of the suburb and the 900 workmen employed in the plant. Threats of the workmen to strike for higher wages are believed by many to have been the cause of the importation. This is denied by the officials of the company. They declare that the only reason the negroes are brought here is that it has been impossible to secure sufficient white help to do the work demanded from the Latrobe company by the United States Steel company. An impromptu mass meeting was held in front of the village hall. Residents of Maywood, Melrose Park and Bellwood gathered till fully 3,000 persons were in attendance to protest against the importations. While no direct threats were made, it was prophesied that trouble would result. A committee was appointed to confer with officials of the company and an effort was made to confer with Governor Yates by telephone to see if he would take some immediate action to prevent the importation of negroes.

Elks Elect Officers.
Milwaukee, July 24.—The grand lodge of Elks elected officers as follows: Grand Exalted Ruler, Charles E. Pickett, Waterloo, Ia.; grand esteemed leading knight, by acclamation, Al G. Field, Columbus, O.; grand esteemed loyal knight, William B. Brock, Lexington, Ky.; grand esteemed lecturing knight, Judge A. H. Pickens, Denver; grand secretary, George A. Reynolds, Saginaw, Mich.; by acclamation; grand secretary, E. C. Orris, Meadville, Pa.; by acclamation; grand trustee (three-year term), Henry W. Mears, Baltimore; grand tyler, Joseph Henning, Anderson, Ind., by acclamation.

He Was Taken to the Woods.
Beaufort, S. C., July 24.—A negro sailor named William Cornish, who had entered homes of several white women at Port Royal and attempted assaults upon them, was captured there and placed in jail under guard of a deputy. At night the screams of a man were heard in the outskirts of the town, followed by six shots. The deputy was found in the jail tied hand and foot and his prisoner was missing. Nothing has since been heard of Cornish.

A Notice Issued by the Law and Order League in the New Territory is to the Point.

Special by wire to Times-Democrat.
El Reno, O. T., July 24.—Total registration for homesteads at El Reno and Lawton up to Wednesday morning was 131,175. Twelve thousand registered Tuesday. The crowds are growing larger daily but fairly good order is being preserved. A prairie fire is sweeping over the Kiowa and Comanche reservation. It is impossible to check the flames and hundreds of thousands of acres will be burned over. A Law and Order League has been formed at Fort Sill, and the following notice is being posted today: "Notice is hereby served on all confidence men, pick-pockets, thieves and crooks who are caught plying their avocations that they will be hanged to the nearest tree."

PREPARED
To Prevent the Landing of Alabama Negroes

Who Were to Go to Work in the Steel Trust's Latrobe Works, But Failed to Arrive.

Special by wire to Times-Democrat.
Chicago, July 24.—Six hundred determined citizens gathered at Melrose park this morning to prevent, if necessary, the expected debarking from trains of 300 Alabama negro laborers, hired to go to work at the Latrobe Steel and Copper Works, a branch plant of the billion dollar steel trust. The negroes failed to arrive and the people dispersed.

JUMPED
Up the Price of Both Corn and Wheat.

The Estimates That the Crop Would be Short

In About Two Hundred Million Bushels was an Active Bull Factor in the Grain Market Today.

Special by wire to Times-Democrat.
Chicago, July 24.—Estimates that the spring wheat crop would be 200 million bushels short and that July corn showed a falling off of 20 points caused advances in those cereals on the board of trade this morning. September wheat jumped from 70½ to 73 and September corn from 55½ to 57½. Oats advanced in sympathy from 35½ to 37½.

Russia's Demand on Turkey.
London, July 24.—Russia demands of the port two coaling stations on the Persian gulf, says a Constantinople correspondent, and is using the strongest pressure to induce the sultan to yield. One or more stations have been demanded in Asia Minor. Up to the present the port has not yielded, but it is doubtful whether the Ottoman government will be able to hold out. These demands are regarded by the British as serious.

Coming Here to Learn.
London, July 24.—The London county council voted to send a tramway manager and an electrical engineer to the United States to investigate street railways, especially the shallow underground lines of the Boston system, which it is proposed to construct here.

The Son of the Murdered Detective Has Been Arrested for the Crime of Patricide.

Special by wire to Times-Democrat.
Erie, Pa., July 24.—Dalton Peckham was mysteriously murdered at his home near here six months ago. The mystery may be cleared for today his 17 year old son, Floyd was arrested and charged with the murder. On the night of the murder Peckham turned his whole family out of doors.

BOER
Prisoners Who Had Escaped

Were Betrayed

By a Negro and Were Retaken by Guards

After They Had Braved the Waters, Sharks and the Enemy's Guns.

Three Who Attempted to Escape by Paddling Ashore on Planks were Fired Upon and One was Wounded.

Hamilton, Bermuda, July 24.—Boer prisoners of war confined on Darrell's island make almost nightly attempts to avoid the patrolling gunboats Madina and Medway and gain the mainland by swimming. The water between Darrell's island and the beach is calm and all night long the gunboats sweep it with their searchlights. Sharks abound, and the British guard will shoot on suspicion, yet several of the Boers escaped from their detention camp.

H. J. Dutoit, M. L. Louyens, J. P. DeGoux and J. G. DuPreese. Boer prisoners, evaded the guards and the sharks and reached the shore half a mile away by swimming. By daybreak they had reached the southern shore of the island. Here they approached a colored man asking him for food. He charged them with being Boer prisoners and they admitted it. The colored man at once informed the guards at Warwick camp and the escaping prisoners were captured. Three others tried to escape by paddling ashore on planks. They were seen, however, and fired on by the guards. One was wounded and returned to the island. The other two were caught.

Brokers Go Broke.
Kansas City, July 24.—The Southwestern Grain company, doing a speculative business on the board of trade, failed owing to the rise in corn and wheat.

Confirgation in Haiti.
Port-Au-Prince, July 24.—There were 50 houses destroyed by fire here. Many of the firemen received injuries. The damage is estimated at \$200,000.

A Stolen Child

Comes to Her Former Ohio Home

After Many Years of Absence Among Strangers.

Answers an Advertisement Sent Out by Her Father, Who Took That Method to Obtain a Wife.

Special by wire to Times-Democrat.
Mt. Gilead, O., July 24.—Fifty years ago Lizzie Callinger, of this place, was stolen by gypsies. Nothing was ever heard of her after her disappearance. Recently her aged father advertised for a wife, and Amy Frantz, of San Antonio, Texas, answered the advertisement. Finally she came here to marry Callinger. She told the story of having been kidnapped by gypsies when she was a child. There were certain birthmarks which Callinger recognized as those on his daughter stolen many years ago, and in a golden booklet she carried the pictures of her father and mother. There will be no marriage, but Amy Frantz will comfort her father's declining years.

ICE HOOKS

To Lay Up a Non Union Wagon Driver.

First Open Rupture Between the Strikers and Non Union Wagon Drivers Upon the Streets of Columbus.

Special by wire to Times-Democrat.
Columbus, July 24.—The first violence in the ice wagon strike came this morning. At 10:15 a Crystal Ice Co. wagon, driven by W. H. Ferris, a non-union man, was attacked by a crowd at Broad and Front streets as the wagon was going from the factory. Ferris was attacked, struck on the head with ice hooks, by one of the mob and was painfully injured. Two patrol wagon loads of police dashed up and rescued Ferris and then dispersed the mob, but made no arrests.

Wind and Rain.
New Ulm, Minn., July 24.—A tornado passed a mile north of here. Several buildings were blown down and August Woodman and William Thomlitz, carpenters, were severely injured by the falling in of the roof of a barn where they sought shelter. Charles Steubens' farm buildings were blown from their foundations. Much corn and grain was beaten down by a heavy rain. Half an hour before the storm the thermometer showed 105, the highest point reached this season, and the record since 1865.

Tornado at Vicksburg.
Vicksburg, Miss., July 21.—Hundreds of shade trees were prostrated, many roofs lifted and the walls of half a dozen buildings caved in by a tornado which passed over the southern section of the city. The storm was accompanied by severe thunder and lightning and a downpour of rain. The wind reached a velocity of 60 miles an hour. There were no casualties reported.

Beader Family Wanted.
Topeka, July 24.—Four persons supposed to be members of the Beader family, father, mother, son and daughter, accused of committing scores of murders at their home in Gakona, Kan., 20 years ago, are believed to have been located near Fort Collins, Colo., and Governor Shanley has issued a requisition on the governor of Colorado for their return to this state.

In Oil Property

To M. J. Sullivan for
\$15,000.

Property is Located in Two
Townships in Auglaize
County.

Comprises Eleven Hundred Acres
Under Lease, and Has Twelve
Producing Wells on It.—
Field News.

In the Buckland field, Auglaize county, three wells are reported from Moulton township. W. B. Jack & Co. drilled in a test on the Mary Birk farm, in section 26, and got a nice producer, which starts at 65 barrels. In section 22, same township, Crow Bros. have a duster in their No. 2, Thomas Jones, E. J. Barr, receiver for Disman, Johnson & Co., has drilled in No. 5, John Hunt, in section 8, and got a 15 barrel well. He has disposed of the entire property to M. J. Sullivan, county clerk, and one of Lima's most successful operators, the deal having been closed up last week. The buildings consist of about 1,100 acres of leases in Moulton and Logan township on which are twelve wells. The territory looks good for future operations, and is considered cheap at the price paid, \$18,000.

In Local Territory.
Features of development in local territory this week have been scarce, although some average wells have been secured, both east and west of the city says a Lima dispatch to the Derrick. In Bath township, Wolf & Johnson's test on the G. W. Biner, section 9, is good for 30 barrels, and the Ohio Oil company's No. 22, on the county infirm land, in section 22, did 40 barrels the first day.

In Marion township, M. J. Sullivan, got a 20 barrel in their second well on the W. E. Clark, in section 14, and the Ohio Oil company's No. 3, H. Cunningham, in section 12, had an initial output of 60 barrels.

Two test wells have been finished up in the Venedocia field, with rather mixed success. On the William E. Jones farm, in section 18, Jennings township, J. B. Kerr & Co.'s No. 1 starts at 50 barrels, but Sunderland & Co. got a light gasser in their No. 1, M. Burnett, section 28.

In section 1, York township, R. G. Gillespie's No. 4, E. A. Evans, is reported at 30 barrels.

The Beaumont Field.
The Beaumont Enterprise has the following to say of the Sun Oil company, a Toledo concern:

"One of the large tanks of the Sun Oil company is nearing completion and will be ready to receive oil in about 10 days. The bottom for another tank is being riveted up and will be ready for round of steel tomorrow. The Sun Oil company expects to begin storing oil within 10 days. They have let the contract for four large steel tanks to be built at once and one of these will be completed every 19 days until the entire contract is completed. The mosquitoes are bothering the workmen considerably and there seems to be no way of getting rid of them. They might delay things slightly for the reason that a great per cent of the tank buildings are from sections of the north where they do not have to con-

Battles With Boers.

London, July 24.—The British war office has received the following dispatch from Lord Kitchener, dated Pretoria, July 23: "A train from Cape Town with 113 men, details and stores, was held up, captured and burned at Scheepers, eight miles north of Beaufort, the morning of July 21. Our casualties were three killed and 18 wounded. An inquiry is proceeding. French reports that Grabbie, with 300 men, was attacked in the mountains near Craiova, by Kitzinger, on dawn July 21. The horses stampeded. An all-day fight occurred. Grabbie fell back on Mortimer. Our loss was slight."

Muncie, Ind., July 24.—A. P. Schall, representing the American Sheet Steel company, is offering for sale the great natural gas output from the Midland steel works field, and this is taken as an indication that the trust does not expect early settlement of the strike.

Dinner Pails Stolen from Workmen
Who are Engaged in Excavating
Work on West Kibby
Street.—Notes.

Mrs. M. A. Duckworth, of south Main street, who has been at Hot Springs, Ark., the past few weeks, returned home yesterday. In the evening she received a message from Jackson Center, informing her of the critical illness of her sister, Miss Maggie Hook. She left immediately for her home. This morning T. O. Stanger received a message from Mrs. Duckworth to the effect that her sister died last night. Today Miss Rose Hook, well known in south Lima, was to have been married but owing to the death of her sister, the wedding has been postponed. Mrs. Stanger will leave for Jackson Center tonight to attend the funeral of Miss Hook.

The druggists association of Allen county, were to have held their annual picnic at McBeth's today but owing to the intensely hot weather the past few days it was decided to postpone it until next month.

Charles Miller is detained from work by a badly irritated eye caused from getting a silver in it yesterday.

This morning about ten o'clock several traps lolling around where the force of men are excavating for a new dinner pails belonging to the workmen. An officer made a search for the miscreants but they could not be found.

Frank Ricketts, the popular young clerk at Cramer's of south Main street, will leave for Chicago tomorrow morning where he will spend his annual vacation.

South riders have been much interested lately in the establishment of a sub-post office in south Lima. It is now finally decided that a branch office will not be located as sufficient means for its support cannot be secured by the government.

This morning a personally conducted excursion was run by the Christian Endeavor society of the south Lima Christian church to the Soldier's Home at Dayton. A large crowd from the south side as well as from the city generally patronized the excursion. Refreshments were served on the train by ladies of the church. All seemed bent upon a day of unusual pleasure. That they will have it is indisputable. The excursionists will arrive home this evening about nine o'clock.

Captain John C. Mack, of the south side fire department is at New Knoxville, today upon a business mission. He will return tonight.

Mrs. John Mack and Walter Toy went to Spencerville today where they will be the guests of their parents, Mr. and Mrs. C. C. Mack, for a few days.

Miss Glen Geach left this morning for Dayton, where she will visit for the next two weeks.

Mrs. Frank DeVoe of south Jackson street, went to West Newton this morning for a visit with her parents.

Mrs. George Huber, of St. Johns avenue was among those who enjoyed the excursion to Dayton today.

B. H. Rathbone has removed his family to Echart, where they will reside in the future.

Mrs. George McClain's Sunday school class held an enjoyable picnic at Hove's lake yesterday. A large number of children enjoyed the recreations of the day's outing afforded them by their considerate teacher.

Misses Bernice and Blanche McGriff, of south Main street, left this morning for Kempton, for a few days pleasure.

William Planks and wife, of Huntington, Ind., are paying a visit to the home of W. T. Numemaker, on Forest avenue.

Last night Miss Myrtle Deutcher, of Forest avenue, entertained friends for her guest, Miss Myrtle Organa, of Ottawa.

Sanford Coon, of south Elizabeth street, is receiving a visit from E. D. Hager, of Butler, Ind.

Mrs. Madeline Kelley, Buck and Miss Flora Curry, constituted a party of

pleasure seekers who will visit at Detroit and vicinity for a couple of weeks.

William Moser, formerly of Sandusky, has taken up his residence with his family on Forest avenue.

Miss Emma Sammentinger, of Tanner avenue, will entertain the Alliance club tonight in honor of Miss Eliza Conners, of Lafayette, Ind.

Today was a red letter day at the Ohio Normal university at Ada, the occasion being the law graduating exercises combined with the alumna meeting in society halls. The faculty and a special committee from each literary society has been busy the past few months arranging for the alumna meeting to which has been especially invited hundreds of former graduates of the college. Sufficient acceptances have been received to warrant the committee to arrange for the entertainments of hundreds of former students from every state in the union, Cuba, Canada and Mexico. Lawyers, doctors, ministers, educators and prominent business men graced the occasion with their presence as a special mark of honor to Dr. H. S. Lehr, who today formally resigned the presidency of the school which he forwarded and conducted for the past thirty years. Hundreds of his old students returned today to pay well deserved praise to the man who made it possible for more young men and women with scant means to secure a thorough college education than any other one man in the United States. He is loved and honored from ocean to ocean, from the Dominion to the Gulf. He had intended to discontinue active work in the school but has been prevailed upon to occupy an important position in its future management.

Richard Apple, of Kenton, was a south side visitor yesterday afternoon.

C. M. Snyder, of south Main street, has gone to Kenton for a visit with his family.

Charles Baldwin has resigned his position in south Lima, having returned to his home at Kenton.

Mrs. J. B. Palmer, accompanied by her daughter, Pauline, has returned from a pleasant visit with her parents at Kenton.

Mrs. Edward Glenn, of McPherson avenue, returned home yesterday from a visit with her parents at Kenton.

David Barth and wife, who went to Cleveland Friday, to attend the Alliance Missionary meeting, have gone on to Buffalo, where they are now attending the Pan-American exposition. They are accompanied by the Misses Mitchell.

Mrs. L. E. Kemper, is quite ill at her home on west Kibby street.

Miss Edith Phillips, of Broadway, returned yesterday from a few days' visit at Chicago.

Miss Lillian Phillips, who has been the guest of Mrs. Harvey Poelmire, at Venedocia, is again at her home on Broadway.

P. Lazalere, of west Kibby street, is visiting relatives in Toledo.

Mr. and Mrs. Frederick Sales, formerly of south Pine street, have removed to Logan county, where they will make their future.

Harold Smith, of Washington D. C., visited here yesterday.

In a short time Samuel Rice, of south Metcalf street, with his family, will leave for a weeks outing along the lakes.

All who heard the report of Mr. Weller, a delegate to the International Christian Endeavor convention at Cincinnati recently, were much pleased by the account which evidence of the organization's strength and progress.

Last night Mr. and Mrs. J. C. Wright pleasantly entertained a number of friends in a delightful manner, at an elegant six o'clock dinner party at their home on south Central avenue. The function was a reciprocation to those who so graciously entertained him recently upon the occasion of his birthday anniversary.

A crowd of industrious boys of south Lima seriously considering the matter of going to the Scioto Marsh to engage in weeding onions. There is a great demand for labor of this kind, for which good wages is paid. The owners of large plantations of onions are experiencing great difficulty in securing weedeers to take care of onions, thousands of dollars worth of which, will be lost if help cannot be obtained. The onion raisers will pay the boys transportation and furnish lodging. The boys who contemplate going from here will very likely secure quarters for a mess which they will conduct themselves.

White Man Turned Yellow.
Great consternation was felt by the friends of M. A. Hogarty, of Lexington Ky., when they saw he was turning yellow. His skin slowly changed color, also his eyes, and he suffered terribly. His malady was Yellow Jaundice. He was treated by the best doctors, but without benefit. Then he was advised to try Electric Bitters, the wonderful Stomach and Liver remedy, and he writes: "After taking two bottles I was cured." A trial proves its matchless merit for all Stomach, Liver and Kidney troubles. Only 50c. Sold by H. F. Vortkamp, druggist.

PALMA FOR PRESIDENT

General Gomez Discloses the Purpose of His Visit to United States.

OPEN LETTER TO THE CUBAN PEOPLE

Grizzled Veteran Will Use All His Energy to Place Palma at the Head of the New Republic. Proofs Against Neely.

Havana, July 24.—General Maximo Gomez, in the course of an open letter setting forth the objects of his recent trip to the United States, asserts that he went to New York with a view of impressing upon T. Estrada Palma the necessity of coming to Cuba to be the first president of the republic.

"Senor Palma has shown capacity for governing, as witness his course in the war of '68 and also as chief of the delegation during the last war," says General Gomez. "His official purity while occupying these positions places Cuba under obligations to him. Not one of us has such a standing as he has with the American people and their prominent men. Taking into consideration the fortuitous relations which the Cuban republic will bear to the United States, Senor Palma is the most available and is the only candidate. As real Cubans we ought to make him accept, I shall turn all my energy toward this end, and when it has been accomplished, I shall keep apart from politics."

The fiscal of the audience asserts that he has sufficient evidence to convict C. F. W. Neely, charged with embezzling postal funds, without the interrogatories forwarded to witnesses in the United States, and that the only reason for the delay in the proceedings is that he has been waiting to see how the United States authorities would act upon the interrogatories. These have not yet been returned to Havana.

Another Hot Day.

Washington, July 24.—With the exception of scattered thunderstorms, the most important reported to the weather bureau being that at North Platte, Neb., the drought and intense heat continued throughout the states of the corn belt. Temperatures again averaged over 100 degrees in that area, making the thirty-sixth consecutive day in which the thermometer went to 90 degrees and higher. Some of the maximum temperatures reported were: Atlanta, 93; Buffalo, 84; Cincinnati, 94; Davenport, Ia., 104; Denver, 90; Des Moines, 103; Indianapolis, 96; Jacksonville, 90; Kansas City, 102; Little Rock, 102; Memphis, 104; New York, 90; North Platte, 92; Omaha, 102; Pittsburgh, 83; St. Louis, 106; St. Paul, 100; Springfield, Ill., 100; Springfield, Mo., 106. At Washington the maximum was 90.

Will Enjoin the Strikers.

Pittsburg, July 24.—The combine forces have decided to carry the strike into the courts. Judge P. M. Smith of Wellsville, O., has been retained by Percifer F. Smith, district manager of the American Sheet Steel company, to prepare papers for presentation within a few days to a federal court, asking for a restraining order to stop strikers from accosting or molesting in any way nonunion men on the highways. The move promises a crisis in the strike. Following this the rumor is in circulation that a carload of men will be run into Wellsville to supplement the force now at work. Outside of these incidents the actual strike status is unchanged.

THE TIMES-DEMOCRAT RECEIVES BY WIRE THE TELEGRAPHIC AND CABLE SERVICE OF THE SCRIPPS-McRAE PRESS ASSOCIATION.

McComb's administration in Lima, has brought this city into reproach everywhere. All over Ohio Lima is alluded to as a tough place. And it is all because of the "wide open" policy of the Republican administration in this city.

By a letter direct to G. A. Groot, the supposed leader of the alleged "Bryanite" in Ohio, W. J. Bryan has thrown cold water on the entire movement. In no uncertain language he informs the bolters that they can expect no sympathy from him.

Judge Summers, of Franklin county, has dismissed the receiver of the Columbus Press-Post, and that excellent newspaper is again in control of Clarence M. Jones, who has made it one of the strong newspapers of the state. Congratulations are extended to editor Jones that he has triumphed over those who attempted to injure the value and influence of his newspaper by legal entanglements.

Although carpentering has only just been introduced in the Philippines, the carrying officials are already beginning to get into trouble for using their official positions for their private profit. This is an old story, and the country may as well prepare to hear it constantly repeated with slight variations. It is extremely probable that these stories will become a factor in the next presidential campaign.

If the city council could take a bit of time from those propositions which seem to have a personal bearing on the members of that body and devote

it to the reformation of the police department of the city, the taxpayers would be benefited in that they would receive a slight measure of value for the money they expend. As the matter now stands the police department is about as much of an incubus as anything that the council has imposed upon the long-suffering debt-burdened taxpayers.

STRIKING AT THE TARIFF.

The Sandusky Register, the Republican organ of Erie county, is hitting the mother of trusts, the Dingley tariff, some blows by telling the truth about the "protective" tariff. Read what it says:

"Senator Burrows, of Michigan, is opposed to the plan of Congressman Hancock to repeal the duties on iron and steel manufactures to put a curb on the trusts. He gives two reasons for his opposition—one that it would defeat the object sought, the crippling of the trusts—and the other, such repeal would destroy the industry in this country. The first reason is correct in sound, but merely asserting it does not prove its correctness. The other reason is ridiculous. No man of intelligence believes that American manufacturers of iron and steel need the protection secured them by an enormous non-revenue producing tariff on foreign iron and steel products. To say that the repeal of the duties would destroy the industry is to say that American capital, brain and energy, backed by unlimited supplies of raw material owned and controlled by the manufacturers themselves cannot compete with the British or Belgian or German industry is supreme nonsense.

"If now they cannot compete, when on earth will they be able to do so? Must the people be bled every day and every year for another century that millionaires may be made billionaires and trusts made so strong that the world looks on in wonder at their magnitude? The American people have stood the drain a long time in the hope that the time would come, as Garfield said it would, when free trade would be the result of protection. But they will not stand it for another century. They have come to the conclusion that the infant industry plea or dodge is at the end of its rope and that it ought to be relegated to the dump.

"We have no infant industries. We have giant industries, and the iron and steel industry is the greatest giant of them all. The mother has nursed it long enough and proposes to turn it out to shift for itself.

"Mr. Babcock is on the right track, and the people are with him. The occupation of the high protectionist is gone, and he may as well take in his sign and retire from business.

"Infant industries! What a term that is to apply to an industry that is now today underselling England on English soil and defying the world in every foreign market. Burrows knows better, and so does every bright school boy who reads the news of the day."

COMING TO LIMA.

Dr. Stevens & Co., of Columbus, O., by request of their many patients will make a return visit to our city on dates named. The Doctors are meeting with gratifying success in offering to the afflicted the Paris Food treatment and Medicated Crayons, combined with their special treatment. They also issue to each patient a one hundred dollar certificate, to be paid in gold coin, if they fail to cure.

This is good news to the many so-called incurable invalids. They will undoubtedly be consulted by a large number of our most intelligent citizens as has always been the case at each visit, and we specially urge those who have been unsuccessfully treated by other physicians to call and get the opinion of these famous physicians. The consultation will cost you nothing, and may be the means of bringing you health and happiness. Advice and consultation is free and invited, at Lima House, Thursday, July 25, from 9 a. m. to 5 p. m., one day only.

For River Improvements. Washington, July 24.—Captain W. L. Sibert, in charge of river and harbor work in the Louisville district, recommends the following appropriations for the fiscal year ending June 30, 1900: Improvement falls of Ohio river at Louisville, \$132,350 to complete existing project; improvement of Wabash river, Indiana and Illinois, \$45,000 to complete project; improvement Green river above mouth, St. Barren, Ky., \$180,673 to complete project.

The Penobscot tribe of Indians, which numbered 245 in 1880, is now about 400 strong. Maine appropriates annually \$8,000 for their benefit.

Paris' population, according to the census just taken, is 2,714,000, an increase of 149,164 over the last census. Paris is now over 700,000 behind New York.

SHERIFF

Bogart's Prisoners Were Indicted.

The Special Grand Jury Did Prompt Work

And Lewis Christman and Peter Buchanan Will Have to Answer to the Theft of the Bucyrus Horse and Buggy.

Lewis Christman and Peter Buchanan, the two men who were arrested by sheriff Bogart and afterwards connected with the stealing of a horse and buggy from Hanon and Kalb, the Bucyrus livermen, were promptly indicted by a Crawford county special grand jury yesterday.

Buchanan, as noted yesterday, pleaded guilty, but Christman claims to be innocent of any wrong intention believing the rig to belong to Buchanan and will therefore stand trial. The penalty for horse stealing is from one to fifteen years in the penitentiary and Buchanan at least is sure to draw a long term.

Sheriff Bogart, his son, deputy John Bogart and John Stoner, the man to whom the men tried to sell the outfit were all at Bucyrus yesterday, being subpoenaed as witnesses before the grand jury. The probabilities are that both prisoners will be arraigned before the close of the week.

Not Judged Insane.

The inquest in the matter of Mrs. Emma Taylor, who was believed to be insane, was held in Probate Court yesterday, but only a part of the testimony was presented. It was decided by Judge Miller, to postpone a further examination indefinitely, as there was nothing introduced to support the affidavit of insanity. The patient was dismissed but will be watched for further developments.

In Probate Court.

Theodore Wood, administrator of the estate of Harmon Wood, has filed an application to sell real estate. The tract described consists of 10 acres of land in Bath township.

Real Estate Transfers.

Clara B. Snyder to Martha E. Hulme, lot 4333 in Hughes addition to Lima, \$750.

Revenue Tax on Land Deeds.

Washington, July 24.—Commissioner of Internal Revenue York has decided in the matter of the tax on conveyances of real property that all conveyances where the consideration or value is \$2,500 or less are exempt from tax, and that amount is to be deducted from the value of all conveyances where the consideration or value exceeds \$2,500; therefore in a conveyance where the consideration or value is stated to be \$5,100, the \$2,600 would be taxable at the rate of 25 cents for each \$500 or fractional part thereof.

NEWS

From the Various Railroads.

L. E. & W. Man

Is Slightly Injured at Gilman, Ind.

Conductor Davis Thrown in Attempting to Board a Train.

Fortunately He Escaped Being Drawn Under the Wheels and Was Able to Finish His Run—Other Notes.

Conductor Charles Davis, of the L. E. & W., was slightly injured last night at Gilman, Ind., while in charge of a through freight train. He had alighted from the train at the station and in attempting to board it while it was in motion he missed his hold on the handrail and was thrown with violent force. Fortunately he was not drawn under the wheels by the motion of the train and escaped with only severe bruises on his right leg. He was badly shaken up and is quite lame but was able to continue in charge of his run until the terminal was reached. Prevented a Collision.

An empty tank car got away from a C. H. & D. train at the Erie junction yesterday afternoon about four o'clock and having a good start came down the hill at rapidly increasing speed to the alarm of the trainmen who had visions of a collision on the main track. The presence of mind of a couple of boys prevented a mix up by kicking up a tie and throwing it across the rails in front of the oncoming car. It was consequently derailed and the wreck train was sent over and replaced it. The damage was slight.

Heavy Shipment of Grain.

There is already a heavy movement of grain along all the lines. It started last week and there has been a steady increase from day to day. One local agent stated yesterday that the shipments from this city almost double each day. By next week it is expected that the roads will have their hands full handling the grain business. There is also an exceptionally heavy movement of lumber just at present and shippers are demanding special attention for their line. This can be taken as an indication that there is considerable business through out the country. An old railroader said yesterday that he had never before seen lumber move as it is doing at this time.

Enjoying the Trip.

The three sections of the excursion train that reached Lima yesterday afternoon, enroute to Put-in-Bay were the finest that the company could put on the rails, and in spite of the hot weather and the crowded coaches, the people were enjoying the trip immensely and no one had a complaint to make. The short time the trains stopped here gave the men a chance to stretch themselves and a raid was made on the depot restaurant by those who were not handicapped by lunch boxes and other "excess" baggage.

Along the C. H. & D.

Freight engine 266 and Toledo switch engine 73 are in the shops getting new cabs. The 210, known as the old world's fair engine, will be sent out for a trial run Saturday, after a thorough overhauling.

Stenographer Harry McGinnis, of Supt. C. H. Cory's office, left with C. C. for Toledo today. He expects to visit the Pan-American before returning home.

The carpenters of the D. & M. shop are building a cab for the Dayton shops which is to be put on the 207.

Joe Wise, the veteran engine tank foreman is laid up with an attack of rheumatism and John Brown has assumed the responsibility of the position during his illness.

The boys in the shops have not escaped the effects of the hot weather during the past few days and a number are laying off. Among the absent ones are J. Parsons, helper in the brass foundry; J. Sullivan, of the boiler maker's shop, and machinists Edgar Benson, Frank Place and Theodore Von-Blon.

Lois Chase, telegraph operator for the C. H. & D. at Toledo, formerly of Troy, has resigned and will soon leave for Houston, Texas, to accept a position with the Texas Pacific railroad.

Col. J. C. Wims, general traveling passenger agent of the C. H. & D. who has been located at Piqua for so long, is to move his office and establish headquarters at Toledo the first of August.

Conductor Durbin, Engineer Hartung, Fireman Bell and Brakemen Kramer and Green made up the crew that carried the special to the Dayton Soldier's Home this morning.

Dispatcher George Reel, who has been enjoying his summer vacation will return to his trick tomorrow morning and there will be a readjustment to the old condition of affairs. Lanker, who has been working for Reel will resume the third trick.

There were 1086 passengers on the Put-in-Bay excursion yesterday. It was under the auspices of a Cincinnati saloonists and beer was dispensed freely from a baggage car attached for that purpose. This morning several of the traveling bar tenders returned to their homes in Cincinnati, and word being sent to headquarters that they were traveling on their nerve, and claimed to have no money. Orders were issued to the conductor to put them off at Piqua unless they settled.

General Notes.

Ed. Planck, employed in the Erie shops at Huntington, Ind., who has been visiting friends in Lima, accompanied by his wife, has returned home.

The Pennsylvania will have a big special through Lima this evening from Pittsburgh and points east, carrying excursionists to Winona for the Y. P. U. convention.

D. T. McCabe, freight traffic manager of the Pennsylvania is making a thorough inspection of the line. He arrived in Lima yesterday afternoon, travelling on a special train and proceeded to Crestline. He was accompanied by Wm. Borer, general western and division freight agent, Trainmaster J. F. Patterson and several other officials.

There is a class of fellows known around the shops as "Gimme boys." They come and go, working a day or a week, differing in that respect from the ordinary tramp, but they never have any money and with them it is always, "gimme a job," "gimme a pair of overalls," "gimme a chew," and when they have reached the limit it is "gimme my time."

Mayor Poe, of Ottawa, who recently endeavored to get Lima capital interested in the manufacture of his automatic station indicator, has taken it to Findlay and it will be given a trial on the Findlay. Fort Wayne and Western road. The indicator was judged to be the filling of a long felt want but it has yet to be given a thorough test, and everything depends on the result.

The Pennsylvania railroad company will build a union passenger station on Water street, Toledo, probably covering the block between Jefferson and Monroe streets. The station will be used by nearly every northern line entering the city and probably by the Clover Leaf and perhaps others. It will be one of the largest and finest passenger stations in Ohio and special provisions will be made to handle the lake passenger traffic.

Notes.

Fireman Raz, of the L. E. & W., has resumed his duties, after a few days illness.

Engineer Ruby Peck, of the L. E. & W., who recently reported for duty, after a long and serious illness, has been assigned to engine 324, formerly a Lake Shore mogul.

On account of heavy traffic over the L. E. & W. on train 8 yesterday, several extra coaches were put on and mogul engine No. 124 was sent out on the run.

Supt. S. A. Cramer, of the Chicago & Southern R. R., formerly of the L. E. & W., is in the city.

Engines 102 and 109, of the L. E. & W., were brought here from the Peoria division today and were run into the shops for repairs.

The L. E. & W. handled two excursions from Findlay today, one to Lake Erie and one to Cedar Point.

The L. E. & W. handled the two sections of Robinson's circus trains from St. Marys to Red Key, this morning.

DANCING FOR HEALTH.

Proposition of Its Revival as a Hygienic Exercise.

Long ago some ingenious arithmetician discovered the exact amount of ground covered by the average dancer in the course of an evening, and the votaries of the dance are now suggesting that dancing should be revived as a hygienic exercise, says the Philadelphia Ledger. Nowadays men and girls show great eagerness to take up any pastime or sport which gives them exercise, and as we all know, dancing has somewhat lost its luster, which from a social point of view is much to be regretted.

Let some of the fashionable doctors recommend their dyspeptic, anemic patients of both sexes to waltz as much as possible, giving themselves on an average the equivalent in terpsichorean exercise of at least 30 miles' walk a week, and we shall see a wonderful revival in dancing.

Relief of Cuba's Indians.

After a successful visit to Cuba in search of traces and relics of the aboriginal Indian inhabitants of that island, Charles Stewart Quinn of the University museum returned to Philadelphia recently, says the Philadelphia Public Ledger, with a large and valuable collection of specimens.

Hot yolks six eggs with cup of granulated sugar beat very light; add pint of coconut milk made by washing thoroughly in hot water pint of grated coconut. Put this mixture into double boiler, stir constantly until it begins to thicken; take from fire, and when cool, add 1/2 cup of ground fresh coconut, and teaspoonful of vanilla extract. Pour this mixture into the freezer, turn until it is the consistency of wet snow. Remove dasher, stir in lightly pint of cream whipped to stiff froth. Pack, stand aside 12 hrs to ripen. No need is so generally liked as ice cream (or ice), none so easy to make if you use a Peerless Iceland Freezer.

(ONE MOTION)

Patented dasher construction does away with all motions except one—can revolves around stationary dasher. Motion is necessary in cream, not in machine. Cream has more motion than in any other. The result is smooth, delicious ice cream in Three Minutes.

This is the Freezer that does it.

SYSTEMIC CATARRH.

Peruna Cures Catarrh Wherever Located.

Miss Mattie L. Guild, of Chicago, Ill.
Miss Mattie L. Guild, President Illinois Young People's Christian Temperance Union, in a recent letter from Chicago, Ill., says:

"I doubt if Peruna has a rival in all the remedies recommended to-day for catarrh of the system. A remedy that will cure catarrh of the stomach will cure the same condition of the mucous membrane anywhere. I have found it the best remedy I have ever tried for catarrh, and believing it worthy my endorsement I gladly accord it."

Catarrh of the abdominal organs is very much more common in summer than in winter time. This form of catarrh might be appropriately classed as summer catarrh.

Peruna will cure catarrh wherever located. In petric catarrh it has won well deserved renown. Peruna will cure any case of diarrhoea, acute or chronic. Peruna is an absolute specific for catarrh. Peruna cures catarrh of the liver. Peruna cures catarrh of the stomach.

FOUND

At Honolulu After a Year of Search.

Rev. Mahlon Gause, the former Van Wert minister, who suddenly disappeared from his home in Stillwell, Ind., about one year ago, has been located at Honolulu, where he is preaching the gospel. He was one of the best known ministers of the Friends church of Ohio and Indiana, and his strange disappearance caused much excitement among the church membership. Hundreds of dollars were spent in trying to find him and the best detectives in the county were employed, but he was finally given up for dead.

LINE

Up of the Horses at Bucyrus

And the Start

Brings Lima's Fast Ones to the Scratch.

All of the Old Favorites are Entered in Races That Start There Today.

Van Leaf, Ruby Hughes, Bae Brown, Ima Dawson, Byron Rupert and Belle Ferris Entered for Today.

The entry list of the Bucyrus Trotting Association whose three days' meeting began there today, discloses the names of nearly all of Lima's fast harness performers, and one or more of them are entered in each of the events except the running. The list also contains the names of not a few of the other horses that took part in the Lima races and the result at Bucyrus will be interesting.

Baron Rupert, owned by Jack Harkins, and winner of the 2:40 trot in straight heats is entered in the same class at Bucyrus tomorrow afternoon. J. O. Hoyer's Belle Ferris is entered in the race also.

Van Leaf, Ruby Hughes, Bae Brown and Ima Dawson are all entered in the 2:15 pace which is the first event on the program. Black Cord, winner of second money at Lima is one of the strong rivals.

Elmer Hill will drive Rosa Gale in the 2:22 trot on Thursday. Her two phenomenal winnings in Lima will make her the favorite no doubt, although she will have some new rivals, Isabelle, owned by Otto Wilson, is entered in the same race.

In the 2:29 pace on Thursday, Ruby Hughes and Nancy Sykes are entered, but it is doubtful if the latter will be started, owing to her lameness. Red-light, the big black gelding, winner of second money in the 2:18 class pace captured by Tom Sullivan's, John Henry Walmer is down on the list, and also in the 2:15 pace with the four Lima horses.

The names of two Lima pacers, Lima Boy and Cecilia, are entered in Thursday's 2:40 pace. Cecilia is Curtis horse and winner of the race her last week. Lima Boy is the one recently purchased by Aron Fisher, and was killed on the track while trying out. The horses' name when bought was Hal Berkshire, but Mr. Fisher had not just christened him Lima Boy the day before the accident. Cecilia is also entered in the 2:28 pace on Friday.

Baron Rupert appears again in the 2:21 trot, as does also Aron Fisher's handsome bay stallion, Howley F.

In the free-for-all pace, Ima Dawson, Lena Hill, Van Leaf and Marshall are all entered, together with Circle, of Mansfield and Black Cord, of Orville, Ohio, and seven others. At Lima, Circle, Marshall and Lena Hill were the only starters, Circle winning, and Marshall getting second money after five heats.

Considering the little progress made last week by the local harness performers, their owners will more than likely get several slices from Bucyrus' \$300 purse. Paulding Boy, the bay horse, owned

by C. O. Vogie, of Dayton, O., winner in the 2:15 pace at Lima last week in straight heats, went after a piece of money in the 2:14 class on the Glenville track at Cleveland yesterday, but found he wasn't in it, thereby carrying out the prediction made by those who sized him up after his appearance here. The purse of \$2,500 was certainly exciting but Paulding Boy was either out of condition or the seconds clipped off the time found him without the speed. The three heats were turned in Lima at 2:17 1/4, 2:14 1/4 and 2:14 1/4, but Dan Patchen, a son of the celebrated Joe Patchen, made a straight drive for it yesterday in as good as 2:10 1/4.

TO FINDLAY

The Western Ohio Will Extend Its Line Next.

From the Gas Town the Last Link Will be Built Connecting Toledo and Cincinnati.

The Findlay Republican says: Henry Flater, who is connected with the Western Ohio Railway company, says that in all probability work will be commenced on the electric line to be built between Findlay and Lima within the next thirty days. When the plans have been completed by the company a line will have been constructed connecting Toledo and Cincinnati.

The Western Ohio Railway company already has a line completed between Lima and St. Marys and the next step will be connection by rail from Lima to Findlay.

MACCABEES

Of Petroleum Tent Will Meet in Buffalo Hall Tonight.

This evening Petroleum Tent No. 422, Knights of the Maccabees, will hold regular review in the Buffalo hall and a full attendance of members is desired. There will be a number of matters of importance to be brought before the tent. The new lodge room is very handsomely furnished and will be an excellent place for the work of the new team that is being organized by Sir Knight Bowles.

FUNERAL

Of Child of Mr. and Mrs. A. J. Dimond Held Today.

The burial services over the remains of Joseph Gerald, the little son of Mr. and Mrs. Albert J. Dimond, whose death was announced in yesterday's TIMES-DEMOCRAT, were held at St. Rose church this afternoon at 3 o'clock. Rev. J. B. Mooney, officiating. The pallbearers were: Patrick O'Connor, Gerald Dunn, James Dimond and Harry Small.

The following relatives from out of the city were present at the funeral: Mrs. Margaret Collins and W. A. Collins, of Sidney; Mr. and Mrs. Jno. J. Collins, of Wapakoneta. The little body was tenderly laid away in Gethsemani cemetery.

ATTENTION, O. E. S.

There will be a regular meeting of Trinity Chapter, O. E. S., this evening at 7:30 o'clock. Inspection. JENNIE E. ROUSH, W. M. JENNIE WEST, Sec'y.

TOMORROW

The Knights of Pythias Will Have Their Picnic.

The annual picnic of Lima Lodge No. 61 will take place at McBeth's lake tomorrow afternoon and evening. These occasions are always most enjoyable, and are looked forward to by the members of the order as a day of pleasure never to be forgotten. All arrangements have been completed with a view, if possible, to excel the outings of previous years and to miss this occasion will be to your sincere regret. All Knights of Pythias, whether members of 91 or some other Lodge, are invited to attend the picnic, for which event the local lodge has reserved the west side of the lake and secured a reduced fare.

COMPARE THE TIMES-DEMOCRAT WITH ANY OTHER LIMA PAPER AND YOU WILL SEE THAT IT CONTAINS THE MOST LOCAL AND TELEGRAPHIC NEWS, AND IT GIVES YOU TO-DAY'S HAPPENINGS TO-DAY.

The recent transfer of the oil interests of the heirs of the late George Disman to M. J. Sullivan was the conclusion of a deal of considerable importance in which the consideration aggregated the sum of \$15,000. The property includes 1,100 acres of oil territory that was under lease by the Disman heirs and Messrs. Ward & Johnson and is situated in Logan and Moulton townships in Auglaize county. There are already 12 producing wells on the property and there is a considerable portion of it that has not yet been drilled that is considered prolific. Mr. Sullivan purchased the interests just before the oil market went up and will proceed to drill the remaining territory immediately.

FAMOUS MURDER CASE.

Killing of May L. Fosburg Mys-

STORY OF NEW ENGLAND TRAGEDY

Detailed Account of How the Pitt

SECOND

Regiment Now in Camp at Toledo.

Reached the Lucas County City This Morning.

Major General Dick and Staff are Expected to Visit the Camp During the Week the Second is There.

The Second Ohio Regiment got away early this morning and going to Toledo over the Pennsylvania road. The members of the command found everything in readiness for the reception at the camp at Bay View Park about 11:30 o'clock, the advance detail having completed their duties and now all has settled down to enjoy life.

The regiment reached Toledo this morning at 10:20 o'clock and marched from the depot to the Tracien company barns, corner of Monroe and Water streets, where they took street cars for the camp.

The regiment consists of eleven companies, band, hospital corps, etc., in all about 800 men.

Contracts for the supplies for the regiment have all been closed. The first Bros., grocers, landed the largest part of the business. It is altogether probable that Major General Dick and staff will attend the camp, as a telegram was received yesterday by Capt. Howe, the regimental quartermaster, asking about accommodations for Gen. Dick and staff.

Capt. Stillings, the regimental commissary, returned to Toledo, Monday, from Detroit, where he spent Sunday with friends.

OVERHEATED

Hay Becomes Ignited in Dan Wilhelm's Barn.

Three Tons of the Horse Food and the Building Badly Damaged by Fire This Morning.

About 8:30 o'clock this morning fire was discovered in the barn at the rear of Daniel Wilhelm's home, 680 north West street and an alarm was sent in from box 16 at West street and Grand avenue. The north side department turned out and found a stubborn blaze raging in the barn which contained over three tons of new hay. The hay and building were extensively damaged before the flames were extinguished.

The fire is supposed to have started from a box of lime that had been covered by the hay.

SPECIAL

Meeting of Board Called for Friday Evening.

The building and repairs committee of the board of education will make a report at a special meeting to be held Friday evening, which has to do with the new additions to the Spring and Elizabeth street buildings. It will bustle the board to get things pushed forward in time for the completion of the work when school opens in September and for that reason, it was deemed advisable to have the plans perfected without postponing the matter until the next regular meeting.

PICNIC

Being Enjoyed at Hover's Park This Afternoon.

The Sunday school children of the First Baptist church are enjoying a picnic at Hover's park this afternoon. and it will wind up this evening with a free ride over the electric railroad, including a trip to McBeth's park. The teachers and a number of the older ones accompanied the children and well-filled baskets were taken along.

CRUSADE

Against Treating was Endorsed

By Knights of Columbus at Put-in-Bay, Sunday.

Rev. Manning Officiated as Chaplain During the Memorial Services Which Closed the Annual Meeting.

The annual meeting of the Knights of Columbus held at Put-in-Bay, closed Sunday, with the largest attendance of the week. At the mass celebration in the Assembly room at Hotel Victory, every seat was taken and the address of the day was made by Father O'Connell, of St. Francis de Sales church, Toledo. The memorial service for the deceased members of the order followed. Father Manning, of Lima Council, acted as chaplain at the service. Ex-Senator Monahan, of Detroit, delivered the general eulogy for the dead. P. J. Brady, state deputy, of Cleveland, presided. M. B. McCarthy, of Toledo, had charge of the ritualistic work of the memorial services.

A special feature of this service was the appearance of the officers in their robes of office, which were worn for the first time in public, a special dispensation being required for this feature. The robes are rich and artistic, and added much to the impressiveness of the service.

At the meeting held Saturday night, a resolution was adopted heartily endorsing the anti-treating movement started by the Columbus council recently. The gatherings, at which 1,200 Knights and their ladies have been present during the week, is voted to have been the most brilliant and successful ever held. All were loud in praise of the committee in charge of the meeting, and Manager McGroery, of the Victory, was complimented on all sides for the able manner in which the guests were cared for.

FRANCHISE

Will be Asked for from Delphos Council.

Representatives of the Lima, Delphos, Van Wert & Fort Wayne Electric Railway Company are getting the signatures of property owners on Second street, granting them the privilege of using that thoroughfare for a railway line. They have the consent of two-thirds of the people living east of the railroad and are now working west. If they are as successful in getting a majority to consent, they will then go before the council and ask for a franchise.—Delphos Herald.

THE IDLER.

Now Says They are Innocent.

And now comes a Toledo detective who says he will prove that the five men sentenced to the penitentiary for life at Upper Sandusky for the murder of celeryman Johnson, are innocent and at the same time he expects to bring into court the parties who committed the equally celebrated murder of Miss Sullivan at Toledo.

He claims to have received information of a valuable nature from Mrs. Ben Landis, the real informer against the Foster gang of Findlay and the startling announcement has caused momentary wonderment whether the detective is ever able to do what he says or not. Landis is well known in Lima and it is known that he especially desires to have several indictments against him nollied in return for the services he has rendered the state.

They Sell it at Delphos.

Marshal O'Neill of Delphos had his attention called yesterday to a man who was acting strangely beneath the creek bridge. When he asked the fellow what he was doing, he said he was building a dam across the stream to catch them.

Bromo-Pepsin is a remarkable chemical combination of the purest and most efficacious medicine. It is a sure cure for headache, indigestion, insomnia, and nausea, and it is pleasant to take and absolutely harmless. All druggists. 10c, 25c, and 50 cents per bottle.

BIGGEST

Of the Season was the Dayton Excursion Today.

South Side Church of Christ Conducted it and 317 Bought Their Tickets at Lima.

One of the most successful excursions ever operated at Lima, carried 317 persons from this city to the Soldiers' Home at Dayton this morning, the arrangements all being made in conjunction with the south side church of Christ. Ten coaches were provided and also a baggage car which carried bicycles, baby carriages and such other luggage as was necessary for an all day trip.

The church people had been working earnestly for the past week and their efforts were crowned with success as the sale of tickets signified. The train stopped at Cridersville, where 16 more were picked up and the train went into Dayton after a nice run loaded down. Considering the fact that no less than seven excursions have been run out of Lima over the C. H. & D. and L. E. & W. lines within the past five days, the one of this morning was a big success in every particular.

REMEDY

For Sun Stroke That Has Never Failed.

Hot Salt Water Applied to Patient With Towels.

A Noted Physician Claims That the Use of Ice Injures the Brain for Years and Frequently for Life.

In these days of torrid temperature, when anyone and almost everyone is in danger of suffering a sun stroke, the following information may be valuable:

Dr. T. S. Harron, a prominent Cincinnati physician recommends the following treatment in case of sunstroke. No person need die of sunstroke if they are promptly and properly treated. The proper and natural treatment is in relieving the congestion and pressure on the brain by a generous application of hot salt water, with large towels over the head, face, neck, chest, until the congestion has disappeared. Loosen the clothing and place the sufferer in the shade, but keep him out of doors if possible. I have known many to have spasms when removed to the close, hot house air. Give internally, if a temperate person, plenty of hot water and whisky, to equalize the circulation and tone up the heart.

If the person is intemperate (and eight out of every ten are) give a teaspoonful of aromatic spirits of ammonia in a glass of hot water, and continue this treatment for 10 to twenty minutes. The patient will rally and soon be out of danger, and will in a few hours be permanently well; whereas, if he should recover after having passed through the ice-water treatment, his brain is injured for years, if not for life.

I made this discovery of the efficacy of hot salt water many years ago, and have never lost a patient, man or beast. I have taken dying people's heads out of pans of cracked ice and salt, and off cakes of ice, and saved them all.

This treatment is not in the books, and for this reason many intelligent persons have rejected it, but it is good common sense, and successful every time, all the same.

QUARTETTE

Of Tramps Arrested by Officer Frank Grant.

Three Dinners Had Been Stolen But the Men Who Were Caught Were Not Guilty Ones.

Early this morning two dinner pails belonging to Marion J. Snyder and A. H. Rutledge and a dinner basket belonging to another man were stolen by some tramps on west Kibby street where the men were at work preparing the street for paving. The police were notified and four tramps, who were found along the C. & E. road were arrested by officer Frank Grant but they were not the guilty parties, and were ordered out of town by chief Harley. The bucket which contained Mr. Snyder's dinner also contained his grocery box and he was quite anxious to regain possession of it.

REMAINS

Of James Tobin Consigned to Rest in Gethsemani.

Funeral Services were Held at St. Rose Church and were Largely Attended by Friends.

The funeral services over the remains of James Tobin were held from St. Rose church this morning at 8:00 o'clock. Rev. F. Rupert, pastor of St. John's parish, sang the Requiem Mass and preached an eloquent funeral sermon, taking his text from the Apostle's Creed, "I Believe in Life Everlasting." Father Rupert paid a

noble tribute to the simplicity and the sterling Christianity of the life of the deceased. The pallbearers were: D. J. Danaher, J. Sullivan, Jno. Morrissey, Ed. Quinlan, Stephen Labey, and Andrew Kiser. The body was consigned to rest in Gethsemani cemetery.
